

## Pi Tau Sigma Annual Chapter Report

2009-2010

### The George Washington University Phi Gamma

#### A. Initiations

Essentially the initiates that are chosen are in the top 15% of the junior and senior mechanical engineering class. Graduate students can also be inducted with a letters of recommendation from their advisors. Our Fall Induction ceremony happened on November 13<sup>th</sup> 2009. Our spring induction ceremony was held on Friday the 23<sup>rd</sup> of April 2010

#### B. Chapter Activities

For fundraising we did Campus Fresh Fundraisers; in which we advertise to our friends to go to Campus Fresh and we get a percentage of what they make in that time frame. In the Spring we took a tour to Navsea's Carderock in Bethesda as a networking event and also to see the seakeeping basins. Our fall banquet happened after our fall initiation ceremony and happened at Fogo De Chao. All of the Mechanical department professors were in attendance. The spring banquet happened after the spring initiation and was catered by Bertuccis. Again, the Mechanical Professors were in attendance.
